

HAND SAFETY FOR FACILITIES MANAGEMENT

2026

IN SAFE HANDS WITH TRAFFI

At Traffi we're here to help. We believe everyone in facilities management deserves the best in hand protection.

We're passionate about working with you, to help resolve your hand safety pain points.

- Do you find you have an increased reliance on touchscreen devices, both for controls of equipment and recording of work completed?
- Do you find there is an extensive and unnecessary use of disposable gloves?
- Are you looking for a more sustainable solution when it comes to your hand protection?

These are just some of the many hand safety concerns we've resolved in the facilities management industry, by providing our specialist advice and glove recommendations.

TG1240

“ Surprised how long they lasted, over a month and would estimate 50% of nitrile Glove usage could be replaced

REQUEST YOUR **FREE** GLOVE SAMPLE

TG6240

“ Best I've worn, made using phones and tablet much easier. Didn't feel as though wearing gloves was a hassle

TD01

“ These are by far, the best disposable gloves I've ever worn

WHY CHOOSE TRAFFI

Sustainability and Innovation

We listen to our customers pain points and invest in research and development to produce innovative glove designs and materials, that offer unrivalled protection, comfort and dexterity.

We're leading the way in sustainability within the safety glove industry and as part of our journey, we have:

- Removed plastic from 95% of products' packaging, with the remaining 5% having at least 30% recycled content
- Launched the world's first ever Environmental Product Declaration (EPD) on a safety glove
- Become the first hand protection company to have enrolled on the SBTi register

By working with us, we can help you to achieve some of your sustainability goals.

Support

We're here to help promote buy-in to your hand protection programme. We ensure that we fully understand your needs. We offer glove audits, trials, product training, toolbox talks, free samples, glove posters, and other bespoke collateral, to help make glove selection and compliance easier. We also provide ongoing support, throughout your whole journey with us.
